Quintessence Photonics Corporation (QPC) Secures \$3.25 Million

(Sylmar, Calif.) – On June 1, 2004 Quintessence Photonics Corporation (QPC) announced the completion of a Secured Note financing. The size of the offering was initially \$2.5 million dollars, however, it was increased to \$3.25 Million dollars accommodate an oversubscribed offering. Previous investors in QPC purchased the majority of the notes.

“This financing boosts our working capital reserves” said George Lintz, Chief Operating Officer of Quintessence Photonics Corporation. “And will also enable us to expand our marketing and production efforts.
